### **Further to Notice to Mariners No 15 of 2013 Re - New Deep Water Quay, Refurbishment Project – Grand Harbour**

Transport Malta would like to notify all mariners that Notice to Mariners No 15 of 2013 regarding New Deep Water Quay Refurbishment Project is still in force.

The works involve construction and use of welding apparatus very close to water, with diving operations and exposed works in progress at and below sea level. The works will be undertaken from Monday to Saturday between 0600 hours and 1800 hours

Mariners are instructed to give the area a wide berth of at least 100 meters and navigate with very slow speed so as not to create any wake which may put personnel in danger, disrupt operations and damage to the works in progress. They are to strictly abide by instructions given out by the Valletta Port Control on VHF Channel 12.
