Permits for Works

The Authority for Transport in Malta reminds all that any and all minor maintenance and repair works to be carried out on a vessel, must be covered by the appropriate permit issued by the Authority in terms of the applicable legal provisions in place.

Permits must be applied for sufficiently beforehand and are further subject to the provisions of Port Notice 03/2017.

The Authority hereby advises all that in the event of any breach to any condition of a permit, or in the event where works are being carried out and are not covered by a permit, without prejudice to any other action that may be taken, all works will be immediately stopped, any permit issued will be revoked and the vessel will be directed to continue the works in an appropriate and authorised facility.

Capt David Bugeja
Chief Officer
Ports and Yachting Directorate

13 June 2018
