List of Reg (EU) No 1321/2014 (Annex III) Part-66 Aircraft Maintenance Licence Limitations issued by Transport Malta Civil Aviation Directorate

The Transport Malta Civil Aviation Directorate has issued a number of limited Part-66 AML's following the conversion of Part-145 certifying privileges and/or grandfather rights using the provisions of Part-66.A.70 and Part-66.B.300. A number of Part-66 AMLs have also been transferred from other EASA Member states. The following is the list of limitations issued with these converted licences:

1. Excluding all tasks with the exception of Electrical Power Systems and Electrics in Mechanical Systems.
2. Excluding Electrical Power Systems and Electrics in Mechanical Systems.
3. Excluding Avionic Line Replacement Units replacement and BITE checks.
4. Excluding pressurised aircraft.
5. Excluding turbofan engines.
6. Excluding autothrottle and autoland systems.
7. Excluding autopilot systems.
8. Excluding instrument systems.
9. Excluding radio radar systems.
10. Excluding airframe.
11. Excluding engine.
12. Excluding Avionic Line Replacement Units.
13. Excluding maintenance tasks on wooden structures and fabric coverings.
14. Excluding turbo-propeller engines.
15. Excluding wooden structure aeroplanes.
16. Excluding metal tubing and fabric aeroplanes.
17. Excluding composite structure aeroplanes.
18. Excluding electrical power generation & distribution systems.
19. Excluding radio communication/navigation and radar systems.
20. Excluding supercharged piston engines in aeroplanes.
21. Excluding all tasks with the exception of minor scheduled line maintenance up to and including daily inspections.
22. Excluding autopilot on helicopters.

23. Excluding instrument systems, INS/IRS and flight directors systems.

24. Excluding autopilot systems on aeroplanes.

25. Excluding automatic landing and autothrottle systems on aeroplanes

These limitations may only be removed from the Part-66 AML following successful Part-66 Modules or Part-modules examinations and practical experience as required by the respective conversion reports.
