Transport Malta, Malta Transport Centre, Pantar Road, Lija LJA 2021 Malta. Tel:+356 2555 5000 cadexaminations.tm@transport.gov.mt www.transport.gov.mt

The purpose of this notice is to provide information on the flight radiotelephony test.

Flight Radiotelephony Test

The Flight Radiotelephony practical test can only be taken by an applicant who has completed a theoretical knowledge course module for communications **in accordance with AMC1 FCL.210; FCL.215** at an organisation approved or accepted by Transport Malta and passed the Transport Malta Communications examination.

The radiotelephony practical test shall be conducted by an examiner specifically authorised by the Director General for Civil Aviation to conduct such tests.

The examiner shall test the applicant in his knowledge of ICAO phraseology.

The result of this test shall be pass or fail.

For the issue of the Flight Radiotelephony Operator's Licence the radiotelephony practical test shall be taken within a period of 24 months counted from the day when the pilot successfully completed the Communications examination.

For the issue of the PPL(A) the radiotelephony practical test shall be taken within the validity period of the theoretical knowledge examinations.

Language

The practical radiotelephony test will be carried out in the English language.
