Refurbishment of Deep Water Quay

The Ports and Yachting Directorate, Authority for Transport in Malta would like to notify all port users that major refurbishment works shall commence at the Deep Water Quay in the in the inner Grand Harbour area.

These works will include the refurbishment of existing steel piles and grillage which involves the replacement of steel members, steel reinforcement/repair and anti-corrosion protective applications. New piles shall be constructed together with the reconstruction and upgrading of the cope beam and deck slab along the ship-shore interface.

The repair works also feature the construction of wave attenuation measures and the resurfacing of the quay. Works are scheduled to start with immediate effect and until further notice.

Transport Malta apologises for any inconvenience caused during the course of the refurbishment works.
