Notice: TCU 01/2026

Revalidation Requirements for Certificates of Competency

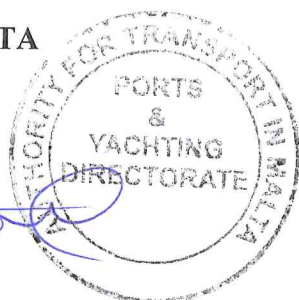

The Training and Certification Unit within the Ports and Yachting Directorate of the Authority hereby notifies all holders of a Certificate of Competency that in order to revalidate such Certificate, a minimum of twelve (12) months of sea service must be **completed on commercially registered vessels**. This minimum sea service must be carried out at any time throughout the validity period of the Certificate of Competency and need not be continuous.

Holders must take particular note of the required sea service period, as this is essential to correctly complete the Sea Service Declaration form required for revalidation. All are advised that the Certificate will not be revalidated if the sea service requirements are not met.

This Notice supersedes any previous instructions or practices relating to the sea service requirements for the revalidation of Certificates of Competency.

Yours sincerely,

TRANSPORT MALTA

Capt Fritz Farrugia
Chief Officer & Harbour Master
Ports & Yachting Directorate
