Reconstruction and refurbishment work along the promenade at Triq ix-Xatt – Marsaskala

The Ports and Yachting Directorate, Transport Malta, notifies mariners and the general public that work on the reconstruction and refurbishment along the promenade at Triq ix-Xatt - Marsaskala, will be carried out.

The work will commence with immediate effect and is expected to be completed by Saturday 28th February 2026.

A silt curtain will be laid approximately 15m from the quay, along the imaginary line joining points A and B, as shown on the attached chart.

A safety distance, of at least 10m from the silt curtains, shall be maintained, at all times, except for vessels anchored within this 10m.

Due to these works any vessel moored or anchored with the imaginary line A, B, C, and the intermediate coastline are to be removed, and the quay cannot be used for the duration of these works.

The slipway will still be accessible, but in co-ordination with the contractor on site.

Mariners and vessel operators are to navigate with caution and at slow speed (no wake) when in the vicinity. They are to co-operate with the contractor on site.

Mariners are to comply with instructions issued on VHF channel 12 and/or 16 by Valletta VTS.

Chart affected: **BA 36**
