Underwater Hazard alongside Quay at Hondoq ir-Rummien Bay - Gozo

The Ports and Yachting Directorate, Transport Malta, notifies mariners that there are several underwater boulders alongside the quay at Hondoq ir-Rummien Bay, Gozo.

The boulders are in shallow water and hence may cause a hazard to navigation therefore mooring alongside the first 15 metres of the quay and 10 metres out (shown hatched on attached chart) is not to be used.

Whilst every effort is made to remove these boulders, mariners are to navigate with caution, keep a sharp lookout and navigate at very slow speed when in the vicinity.

Chart affected: **BA 211**
