Maintenance works on slipways within Marsaxlokk Bay

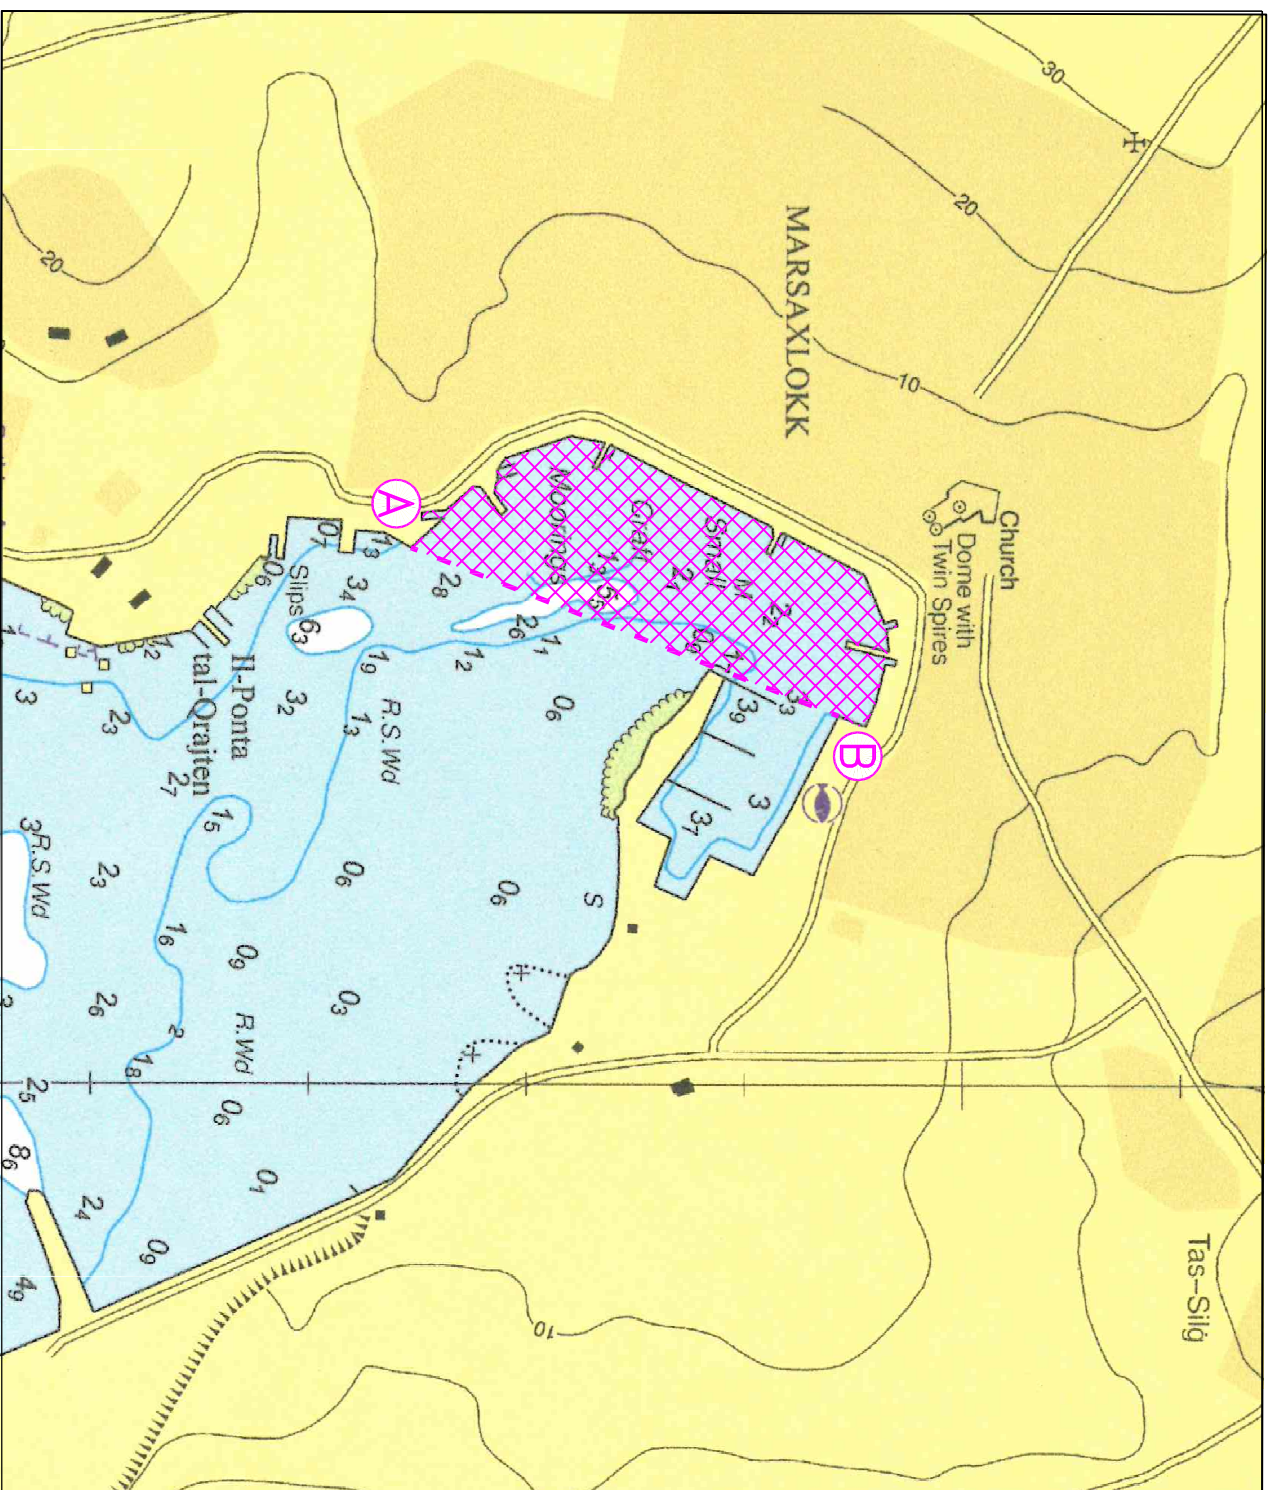

The Ports and Yachting Directorate, Transport Malta notifies Mariners that maintenance works are being carried out on the slipways in Marsaxlokk Bay, within the area enclosed by the imaginary line A to B and the intermediate coastline as shown on the attached chart.

The works are expected to start with immediate effect and will be completed by the end of March 2019.

Work will be carried out on not more than 3 slipways at the same time so the other slipways can still be used. Mariners are to coordinate with the contractor on site as to which slipways cannot be used on the particular day.

Masters and operators of vessels are advised to keep a sharp lookout, navigate with caution and slow speed and give the areas a wide berth. They are to comply with any instructions given by Marsaxlokk Port Control (Marsaxlokk VTS) on VHF Channel 14.
